HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 368

Minutes of Meeting Thursday, November 1, 2018

The Board of Directors (the "Board") of Harris County Municipal Utility District No. 368 (the "District") met in regular session, open to the public, at 6:30 p.m. on Thursday, November 1, 2018, at the District meeting place located inside the District, whereupon the roll was called of the members of the Board to-wit:

Roy P. Lackey Tiffani C. Bishop President

Vice President/Investment Officer

Sharon L. Cook Eric Daniel

Secretary Treasurer

Allison V. Dunn

Assistant Secretary

All members of the Board were present, thus constituting a quorum. Consultants in attendance were: Mike Plunkett of Eagle Water Management, Inc. ("Operator"); Matthew Carpenter, P.E. and Kameron Pugh, E.I.T., of IDS Engineering Group ("IDS" or "Engineer"); Mark Miller of Municipal Accounts & Consulting, L.P. ("MAC" or "Bookkeeper"); and Andrew P. Johnson, III, and Carter Dean, attorneys, and Mirna Croon, paralegal, of Johnson Petrov LLP ("JP" or "Attorney").

The President called the meeting to order at 6:40 p.m. and in accordance with the notice posted pursuant to law, the following business was transacted:

I. <u>Public Comment</u>. There was no public comment.

II. General Business.

- A. <u>District's Website</u>. It was noted that the welcoming letter from Texas Pride Disposal, the District's new recycling collection provider, has been posted on the District website.
- B. Pay Bills and Estimates. Upon motion by Director Lackey, seconded by Director Dunn, after full discussion and with all Directors present voting aye, the Board approved check no. 16673, which will be listed on the next Bookkeeper's Report.
- C. <u>Internet Communication Systems Wireless Communication Towers.</u> Director Lackey stated that the auto-dialers at District facilities are unable to communicate due to the internet service interruption. Mr. Plunkett stated that the auto-dialers were able to communicate. Director Lackey further stated that communication towers would enable the District to have one (1) internet provider for all District facilities. In addition to two (2) large towers for the Wastewater Treatment Plant and Water Well No. 6, the District may eventually require a smaller tower at each District facility. Discussion ensued regarding the potential location for each tower as well as ways to determine if two (2) large towers would be able to

provide the internet to all other facilities in the District. Director Bishop stated that she would like to see a full cost of the entire project. Following discussion, the Board agreed to table the matter until the next Board meeting.

- D. <u>Video Facilities Upgrade at Lift Station No. 5</u>. This matter was tabled until the next meeting.
- E. Internet Provider Agreement. No action was taken.
- III. <u>Operator's Report</u>. The President recognized Mr. Plunkett who presented to and reviewed with the Board the Operator's Report, a copy of which is attached hereto as <u>Exhibit "A"</u>. Mr. Plunkett noted that the District had 96.4% accountability for the period from September 15, 2018 through October 14, 2018. He also noted that 84.01% of the District's water came from the surface water source with the remainder from the District's groundwater wells.

Mr. Plunkett next stated that it appears that the Landmark development has been billed for irrigation only. Eagle has found two (2) additional meters and is in the process of determining which meter is the correct one so that it may begin billing Landmark for all of its water use.

Mr. Plunkett then reviewed with the Board the Termination List, a copy of which is attached to the Operator's Report, and affirmed that all Customers on the list were at least sixty (60) days past due and had been notified in writing of their right to attend this meeting to address the Board or termination of water service would occur at any time after this meeting.

Upon motion by Director Cook, seconded by Director Lackey, after full discussion and with all Directors present voting aye, the Board (i) authorized termination of service to customers listed on the Termination List, in accordance with provisions of the District's Rate Order; and (ii) approved the Operator's Report as presented.

- IV. <u>Engineer's Report</u>. Mr. Pugh presented to and reviewed with the Board the Engineer's Report, a copy of which is attached hereto as <u>Exhibit "B"</u>.
 - A. <u>Northern Point Drainage</u>. Mr. Pugh reported that the Contractor is making progress on the swales and is hauling dirt offsite. IDS is planning to hold a site meeting next week to discuss a solution for the bottom of the screen structures and to determine the anticipated completion schedule.
 - B. <u>Facility Improvement and Maintenance Plan</u>. Mr. Pugh stated that IDS is preparing the bond application for the improvement projects.
 - C. Hufsmith-Kohrville Improvements. There were no new matters to report.
 - D. <u>Operations Committee Meeting</u>. The Operations Committee meeting has been scheduled for November 29. 2018.

- E. <u>Water Quality Monitoring for Water Wells Nos. 2, 3, 4, 5, and 6</u>. Mr. Pugh reported that the October 2018 laboratory test results for benzene, toluene, ethyl benzene, or xylene (BTEX) in Water Wells Nos. 2, 3, 4, 5, and 6 are non-detect.
- F. Water Plant Nos. 1 and 2. An orifice plate to control flow between Water Plant No. 2 and Water Plant No. 1 has been installed.
- G. Water Plant ("WP") Ground Storage Tank Rehabilitation. The contractor is finished with all the coating and is cleaning up the site. The doors on the chemical and control buildings are the only remaining items.
- H. <u>Phase 4 Sanitary Sewer Rehab.</u> The Contractor is working on the cleaning and televising of the sanitary sewer lines.
- I. <u>Sandy Stream Sewer Capacity Evaluation: Upsize required for Dungrove tract.</u>
 There were no new matters to report.
- J. <u>Lift Station ("LS") Panel Replacements</u>. Mr. Pugh reported that IDS has received specifications from the manufacturer. IDS is working with an electrical engineer on a plan for incorporating the product into the proposed panels.
- K. <u>Wastewater Treatment Plant ("WWTP") Rehabilitation</u>. The work is complete. IDS will conduct an inspection of the wet well coatings prior to the end of the one-year warranty to address any potential deficiencies in the coating.
- L. <u>NorthPointe Center Phase 2 (Santikos)</u>. The plans have been approved and the contractor has mobilized.
- M. <u>136-Acre Finger Tract</u>. A developer has contacted IDS regarding a feasibility study for the development. The proposed development should consist of a 400-unit multi-family development, a hotel, and other commercial development. The developer is prepared to send the \$7,500 feasibility deposit.
- N. Northpointe Business Park. IDS sent a letter to the developer last month highlighting deficiencies at the construction site. IDS met with the developer's engineer, Jones Carter, on October 26, 2018 to discuss issues with the site. The developer was instructed to stop all construction that impacts the District facilities and to restore the property to its original condition until plans have been approved and permit obtained. The trench connecting to the Northpointe East Detention Basin has since been filled and the back-slope swale has been restored.
- O. <u>Hufsmith Heights tract</u>. There are no matters to report.
- P. <u>Little Woodrows</u>. The developer's engineer is preparing plans for a Little Woodrow's west of Coons Road and South of Timber Tech Road, near HMT properties. The developer has purchased the land and is working with Harris County on the development design for detention facilities.

- Q. <u>12.5-Acre Dungrove tract</u>. The developer's feasibility study is complete. The developer is working with their financial advisor to determine the financial feasibility of the proposed single-family development.
- R. <u>12.9-Acre Tract East of Hufsmith-Kohrville</u>. The developer is working on a feasibility study for this tract. The intended use is single-family residential.
- S. <u>42-Acre Favro Family Tract (West of Hufsmith-Kohrville)</u>. Mr. Pugh reported that according to the Harris County Appraisal District, the tract is owned by Prime Real Estate Holdings, LLC. A developer has expressed interest in purchasing the tract for a single-family residential development.

Next, upon motion by Director Cook, seconded by Director Lackey, after full discussion and with all Directors present voting aye, the Board approved the Engineer's Report.

V. Attorney's Report.

- A. <u>Minutes of October 18, 2018 Board meeting</u>. Upon motion by Director Dunn, seconded by Director Cook, after full discussion and with all Directors present voting aye, the Board approved the minutes of the October 18, 2018 Board meeting as amended.
- B. <u>Utility Development Finance Agreement with Rausch Coleman Homes</u>. No action was taken.
- C. <u>Update on correspondence to resident regarding water bill charges</u>. Mr. Dean updated the Board regarding a resident whose water service was disconnected due to an outstanding balance with the District for water service, penalties and interest. He reported that all outstanding charges have been paid by the resident and his water service has been restored. It was also reported that the Court restitution fees in the amount of \$300 have been received by the District. The Board concurred that the resident should receive a credit in the amount of \$300 to account for the Court restitution fees.
- VI. <u>Adjournment</u>. With no additional matters before the Board, the Board adjourned the meeting at 8:20 p.m.

[EXECUTION PAGE FOLLOWS]

Passed and approved this 15th day of Hovember, 2018.

Board of Directors
Harris County Municipal Utility District No. 368
c/o Johnson Petrov LLP
1001 McKinney, Suite 1000
Houston, Texas 77002-1223

Reference:

District Engineer's Status Report, IDS Job No. 0456-001-MR

Members of the Board:

The status of the various projects in the District is as follows:

GENERAL DISTRICT MATTERS

1. Northern Point Drainage

The contractor is making progress on the swales and is hauling dirt offsite. We plan to hold a site meeting next week to discuss a solution for the bottom of the screen structures and to determine the anticipated completion schedule.

2. Facility Improvement and Maintenance Plan

We are preparing the bond application for the improvement projects.

3. Hufsmith Kohrville Improvements

No new activity to report

4. Operations Committee Meeting

The next Operations Committee Meeting has not been scheduled.

WATER SUPPLY SYSTEM MATTERS

5. Water Quality Monitoring for Water Well Nos. 2, 3, 4, 5, and 6

The October 2018 laboratory test results for benzene, toluene, ethyl benzene, or xylene (BTEX) in Well No. 2, Well No. 3, Well No. 4, Well No. 5, and Well No. 6 are non-detect.

6. Water Plant Nos. 1 and 2

An orifice plate to control flow between Water Plant No. 2 and Water Plant No. 1 has been installed.

Harris County Municipal Utility District No. 368 November 1, 2018 Page 2 of 3

7. Water Plant Rehabilitation

The contractor is finished with all the coating and is cleaning up the site. The doors on the chemical and control buildings are the only remaining items.

WASTEWATER TREATMENT SYSTEM MATTERS

8. Phase 4 Sanitary Sewer Rehab

The contractor is working on the cleaning and televising of the sanitary sewer lines.

9. Sandy Stream Sewer Capacity Evaluation: Upsize Required for Dungrove Tract

No new activity to report.

10. Lift Station Control Panel Replacements

We have received specifications from the manufacturer and are working with the electrical engineer to review the specifications and determine a plan for incorporating the product into the proposed panels.

11. Wastewater Treatment Plant Rehabilitation

The on-site lift station rehabilitation work is complete. We will conduct an inspection of the wet well coatings prior to the end of the one-year warranty period to address any potential deficiencies in the coating.

RESIDENTIAL AND COMMERCIAL DEVELOPMENT PROJECTS

12. Harris County Street Acceptance Status

All streets eligible for acceptance have been accepted by the County.

13. NorthPointe Center-Phase II (Santikos)

The plans have been approved and the development is under construction.

14. <u>136-Acre Finger Tract</u>

The developer has contacted us regarding a feasibility study for this development. They are projection a 400-unit apartment project, a hotel, and other commercial development. The developer is prepared to send the \$7,500 feasibility deposit.

TBPLS 10110700

Harris County Municipal Utility District No. 368 November 1, 2018 Page 3 of 3

15. Northpointe Business Park

We sent a letter to the developer last month highlighting deficiencies at their construction site. We met with the developer's engineer on October 26th to discuss issues with the site and to instruct them to stop all construction that impacts HCMUD No. 368 facilities and to restore property to original condition until plans have been approved and permits have been obtained. The trench connecting to the Northpointe East detention basin has since been filled and the backslope swale has been restored.

16. Huffsmith Heights Tract

No new activity to report.

17. Little Woodrows

The developer's engineer is preparing plans for a Little Woodrow's west of Coons Road and South of Timber Tech Road, near HMT properties. They have purchased the land and are working with Harris County on their design for detention for the development.

18. 12.5-Acre Dungrove Tract

The developer's feasibility study is complete. The developer is working with their financial advisor to determine the financial feasibility of the proposed single-family development.

19. 12.9-Acre Tract East of Hufsmith Kohrville

The developer is working on a feasibility study for this tract. The intended use is single family residential.

20. 42-Acre Favro Family Tract (West of Hufsmith Kohrville)

According to HCAD, the tract is owned by Prime Real Estate Holdings, LLC. A developer has shown interest in purchasing this land. The intended use is single family residential.

We will be glad to answer any questions the Board may have.

Respectfully,

Matthew Carpenter, P.E.

Muder Cheput

Kameron H. Pugh, E.I.T.
